Professional Experience

Workro Solutions Pvt. Ltd. Dec 2025 – Present

Co-Founder & CEO

- Co-founded an AI-native B2B SaaS company that gives Indian SMBs intelligent hiring and IT operations tools; secured institutional backing from Infinity Automated Solutions and lead the development and marketing teams
- Launched Workro Recruit, an AI-powered recruitment ATS with resume screening, proctored interviews, and candidate pipelines, and Workro Desk, an IT helpdesk and asset management platform; onboarded 100+ companies
- Scaled Recruit past 50,000 AI interviews; cut screening time 72% (500 applicants to a shortlist of 5 in ∼30 min)

PurdueTHINK Sep 2024 – Present

Project Manager & Consultant, Senior Advisory Board | 6% Acceptance Rate

- Led a 5-person consulting team advising United Airlines on improving its recruiting pipelines and MileagePlus loyalty marketing; built data-driven recommendations and presented them directly to United Airlines leadership
- Developed a short-, mid-, and long-term growth strategy for CaresHub's $500K initiative to launch a dedicated mental health clinic for Purdue engineering students, spanning marketing, data analytics, and geographic expansion

MindCord Jan 2020 – Aug 2025

Founder & CEO

- Built a global STEM, entrepreneurship, and finance community from zero to 130,000+ members before college through monthly competitions and curated content, with zero outside funding; featured in *Teenager Today* magazine
- Recognized as a prospect by the Thiel Fellowship, Dorm Room Fund, and Z Fellows prior to enrolling at Purdue

Infinity Automated Solutions Pvt. Ltd. May 2026 – Aug 2026

Corporate Strategy & Ops Intern | Returned for Second Summer

- Led Southeast Asia market entry analysis for a packaging-automation manufacturer with 800+ installations and 400+ clients; built financial models and M&A screens to evaluate and prioritize international expansion targets
- Opened 3 new markets (Indonesia, Hong Kong, Singapore), lifting qualified leads 15% and projecting $250K revenue
- Ran company-wide efficiency audits; sat on the deal team that closed a strategic sales agreement with Dollar General

Goldman Sachs 2025

Possibilities Summit, Program Member | 4% Acceptance Rate

- Completed a year-long program with senior professionals across Investment Banking, Asset Management, and Markets

Clemson University Jul 2024 – Aug 2024

Research Intern

- Investigated subtractive and additive manufacturing under Associate Dean Xin Zhao; sole-authored 2 papers published on SSRN covering high/low-frequency LIPSS in laser physics and pollutant removal in environmental science
